

**Title: 3CX Expands Presence in Ireland with New VoIP Partner, Blueface**  
**London, UK and Dublin, Ireland - 09 JUNE, 2016** — [3CX](#), developer of the next-generation software-based [Unified Communications Solution](#) and [Blueface](#), a unified communications and VoIP Provider, announce their partnership.

With the successful completion of the interoperability test, Blueface will now be able to officially provide its powerful SIP trunking services to 3CX Partners and customers in Ireland. By choosing Blueface from the drop down menu in the 3CX management console, partners and customers will be able to use the Blueface network for call carrier services, availing of six nines reliability and tier 1 carrier termination across all calls, backed up by resilient data centres.

Since Blueface was founded in Ireland 2004, the company has deployed VoIP services in 12 countries globally whilst offering SMEs, enterprises, carriers and channel partners unified communications solutions at best in class reliability and value.

With this partnership, industry leader 3CX expands its presence in Ireland, where partners and end-users will have the opportunity to take advantage of Blueface's innovative solutions and first-rate customer support.

***Paul Clarke, Channel Manager at 3CX, said:***

*"We are pleased to have successfully completed the interoperability testing between Blueface and 3CX. Blueface offers VoIP provider services of the highest quality, and brings its long experience to the service of 3CX Partners and customers. Working together, Blueface and 3CX offer innovative communications to customers across Europe."*

***Brian Martin, General Manager at Blueface said:***

*"We are delighted to have partnered with 3CX. Partners are an incredibly important part to our business, in expanding our brand awareness and delivering high quality solutions. We have delivered our SIP trunks over 3CX systems since 2005 and have had positive results. We look forward to working closer with 3CX and enabling their partners in Ireland to provide a high quality call solution to their customers."*

**About 3CX ([www.3cx.com](http://www.3cx.com)):**

3CX is a 100% channel company and is the developer of a software-based and open standards IP PBX which innovates communications and replaces proprietary PBXs. 3CX cuts telco costs and boosts company productivity and mobility.

With integrated WebRTC web conferencing, softphones for Mac and Windows and smartphone clients for Android, iOS and Windows phones, 3CX offers companies a complete Unified Communications package out of the box.

50,000 customers worldwide use 3CX including Boeing, McDonalds, Hugo Boss, Ramada Plaza Antwerp, Harley Davidson, Wilson Sporting Goods and Pepsi. Maintaining its global presence, 3CX has offices in the U.S., U.K., Germany, Hong Kong, South Africa, Russia and Australia. Visit 3CX on [Facebook](#), [Twitter](#) and on [Google+](#).
